## APPLICATIONS:

- ☒ Interior Floor
- ☐ Exterior Floor
- ☒ Interior Wall
- ☐ Exterior Wall
- ☐ Wet Areas\*

\*Not recommended for wet areas. Laminated mother of pearl shell is handmade and up to 1% of small shell pieces may loosen over time. Loose pieces may be repaired with epoxy glue. Satin brass will tarnish over time, especially in wet or humid settings. Shine can be restored by using a small dot of 'Flitz Paste Polish' on the affected brass. Test a small area before applying to entire surface. Run a shop rag or microfiber cloth over the metal; do not rub in a circular motion. Avoid extended contact with grouted areas. Use a moist paper towel to wipe off any excess 'Flitz Paste Polish' and do this quickly to avoid any finish changes in grout.

## PRODUCT VARIATION:

Natural Stones vary in color, pattern, and texture. Variations in veining and coloration enhance the beauty of the stone and are not considered flaws. Displayed materials are a small portion of the overall variation; current stock of the particular item will maintain industry standards.
